

## **Brett Clark**

### **SERVICE TO LEARNING SUPPORT**

#### **St Andrew's College**

Brett is recognised for his transformative leadership of St Andrew's College's Accelerated Learning Programme. Over more than a decade, he has created an evidence-based, life-changing pathway for students with significant learning challenges, enabling them to achieve academic success, confidence, and long-term resilience. Principal, Evert van Florenstein says the programme has "changed the educational trajectories of hundreds of students," with outcomes including 100% NCEA Level 1 achievement, exceptional value-added results, and 97% of students progressing to NCEA Level 3. Brett's practice is defined by deep care, rigorous instructional design, and an unwavering belief that every learner can succeed. As one student writes, "Mr Clark's ability to ignite an internal spark in us is truly what sets him apart." His mentorship, scholarship, and relentless commitment to personalised learning have shaped a culture of grit, perseverance, and possibility. Brett exemplifies excellence, innovation, and profound service to young people.
